Dr. Adam J. Rubinstein is board certified by the American Board of Plastic Surgery. He has trained with the world's eminent surgeons at the forefront of developing techniques for plastic surgery. Dr. Rubinstein is the Chief of the Section of Plastic Surgery at Jackson North Medical Center. He is an Associate Professor in the Department of Surgery at NOVA Southeastern University, and clinical faculty for the Cleveland Clinic Plastic Surgery Residency Program in Florida, as well as the exclusive plastic surgeon for the Pritikin Longevity Center. Dr. Rubinstein currently serves on the editorial board of the Aesthetic Plastic Surgery Journal published by the International Society of Aesthetic Plastic Surgery.

Dr. Rubinstein has had a Private Practice with Turnberry Plastic Surgery since July of 2003. He has attended Cornell University in Ithaca, New York, holds a BS with Honors in Psychology at Brooklyn College, City University of New York in Brooklyn, New York, Medical Doctorate with Distinctions in Research and Community Service at St. Louis University School of Medicine, Residency at Mount Sinai Medical Center in Miami Beach, Florida, Pediatric Plastic Surgery Fellowship with S. Anthony Wolfe at Miami Children's Hospital, Hand and Microsurgery Fellowship at the Buncke Clinic in San Francisco, California, and Plastic Surgery Residency at St. Joseph Hospital in Houston, Texas. Dr. Rubinstein is a proud Diplomate, certified by the American Board of Plastic Surgery.

Over the years Dr. Rubinstein has published many articles and has presented at conferences to American and international audiences in topics related to plastic surgery. He is often featured on television, radio and magazines as a respected expert in plastic surgery. His impressive media roll call includes NBC, ABC, Telemundo, Ocean Drive Magazine, and Glamour Magazine among others. Both Dr. Rubinstein and his wife are passionate about helping children and are committed to children's causes.
